DESCRIPTION

The 10,000 mAh external battery with bamboo and wheat fibre composite body, features a wireless charger offering a practical and sustainable solution to keep your devices charged while on the move. With its 10000 mAh capacity, it provides a reliable and durable charge. This wireless charger is compatible with devices that support wireless technology, which means you can charge your smartphone or tablet simply by placing them on the charging surface. In addition, it has a Type-C and USB power input and output, allowing you to charge multiple devices simultaneously. The Type C cable is included in the package for easy connection and charging. The external battery is presented in an ECO design box, in line with its focus on sustainability.
